

TECHNICAL DATA SHEET

3M9210N-95

3M - N95 STANDARD RESPIRATOR MASK - 20/BOX

- The 3M™ N95 Respirator is an economical, disposable particulate respirator designed to help provide reliable respiratory protection against certain non-oil based particles.

- This respirator can help reduce inhalation exposure to certain airborne biological particles such as mould, Bacillus Anthracis, and Mycobacterium Tuberculosis, but it cannot eliminate the risk of contracting infection, illness, or disease.
