

Artisan

Grout & Tile Cleaner

TECHNICAL DATA SHEET

DESCRIPTION

ARTISAN is a very powerful, acid, foaming, fast acting, grout and tile cleaner. Designed to remove soap scum, calcium, lime efflorescence, tough hard water buildups, rust, mortar residue, joint cement, and other heavy dirt and grime, returning surfaces to their original appearance.

Safe on chrome, stainless steel, porcelain and ceramic. **ARTISAN** contains a highly concentrated blend of detergents, inorganic acids, emulsifying, wetting, dispersing and free rinsing agents. It is formulated to also dissolve oils, grease and most other soils. Suitable for interior and exterior use, and harmless to plumbing and septic tanks, **ARTISAN** cleans as it deodorizes. Its fresh lemon scent permits **ARTISAN** to be applied as an everyday maintenance product.

DIRECTIONS FOR USE

ARTISAN may be applied pure or diluted with water with a clean mop or acid resistant brush.

For general maintenance cleaning, dilute **ARTISAN** with 3 to 4 parts of water. For badly soiled or stained surfaces, dilute with one part of water. For extreme cases use pure. Work small areas and allow **ARTISAN** to sit on the surface for 1 – 5 minutes while scrubbing with a brush. Do not allow **ARTISAN** to dry on the surface. After cleaning, rinse **ARTISAN** solution thoroughly with clear water.

DO NOT USE ON SINKS, BATHTUBS OR ANY ENAMELLED SURFACES.

Consult your GILCO representative for more information.

PROPERTIES

Appearance :	Liquid
pH (1% solution) :	~2.0
Solubility :	Easy
Fragrance :	Lemon
Color	Transparent orange
