

Courage

Cleaner / Deodorizer / Disinfectant / Fungicide & Degreaser

TECHNICAL DATA SHEET

DESCRIPTION

COURAGE is a concentrated and exceptionally versatile, disinfecting and sanitizing cleaner. It contains a proven broad spectrum of quaternary ammonium antimicrobials. It is extremely effective against gram-positive and gram-negative bacteria and several molds, mildew, yeast, fungi and bacteria that generate odor. **COURAGE** cleaning formulation incorporates a blend of outstanding wetting, penetrating and emulsifying agents, that produces tremendous results on daily cleaning of floors, painted walls, pots, pans, utensils, stainless steel, industrial machinery, and other hard surfaces, undamaged by water. **COURAGE** highly alkaline grease cutting ingredients aid the emulsification of oily soils, getting immediately under grease and grime and releasing them. **COURAGE** sequestering and dispersing agents, scatter soil particles in the cleaning solution preventing their re-deposition on cleaned surfaces until easily rinsed away by clean water. **COURAGE** cleans and disinfects as it deodorizes. Its fresh lemon scent allows it to be applied everyday for spray on or sponge degreasing and cleaning in kitchens, food service, hospital rooms and industrial facilities reducing the potential risk of cross-contamination
