

TECHNICAL DATA SHEET

F714S

AUTO MOTION DETECTING 33 OZ. HAND SOAP DISPENSER S/S

- Frost's 714-S automatic vertically mounted liquid soap/sanitizer dispenser offers a practical solution for high volume areas requiring hands-free operation.
- Typically, the dispenser is used in schools/universities, airports, hospitals, restaurants, malls, office buildings, fitness facilities, daycares, and recreation centres.
- This product will quietly and automatically dispense liquid soap/sanitizer or gel sanitizer when a hand is placed within 6cm (2 ¼") from the sensor.
