

# GelDou

## Gel hand soap

# TECHNICAL DATA SHEET

### DESCRIPTION

**GELDOU** is a gentle, luxurious gel hand-lotion, made of the finest blend of natural soaps and synthetic ingredients, lightly fragranced with a peach scent for a pleasant hand cleaning.

**GELDOU** is a quick rinse, ready to use hand soap that swiftly and easily removes soils and greases without irritating or drying out even the most delicate skin, leaving no residue behind. **GELDOU** biodegradable hand care soap with neutral Ph is fortified with glycerin, moisturizers and emollients, to prevent damage of natural skin oils. **GELDOU** Is the ultimate in gentle and effective skin cleaning of both light and heavy soils, and is the ideal hand soap for those who wash their hands frequently. Clean, enriched, moisturized and velvet-smooth hands are the result of regular use of **GELDOU**.

**GELDOU** is widely used in institutions and office restrooms, hotels, restaurants, industrial plants, service stations, etc.

### DIRECTIONS FOR USE

Wet your skin, pour a small amount of **GELDOU** in the palm and gently rub hands together. Rinse for a minimum of 10 seconds with potable water. Repeat if necessary.

Consult a GILCO representative for more information.
