

General

All Purpose Cleaner

TECHNICAL DATA SHEET

DESCRIPTION

GENERAL is a concentrated, mildly alkaline, CHLORINE COMPATIBLE and exceptionally versatile cleaning formulation. **GENERAL** produces tremendous results on daily clean-up, quickly eliminating fat, oil, ink and dirt from water washable surfaces.

GENERAL has an outstanding cleaning and degreasing performance capability when mixed with bleach. **GENERAL** will clean and deodorize as it sanitizes kitchens, cafeterias, office buildings and light industrial facilities, leaving a fresh lemon scent behind.

Due to its synergistic mix of solvents, surfactants and chelating agents, **GENERAL** is probably the only cleaner/sanitizer necessary for everyday spray-on or sponge cleaning of floors, painted walls, woodworks, glass and other hard surfaces, undamaged by water.

DIRECTIONS FOR USE

General cleaning: One part **GENERAL** to 10 parts water.

Mirrors, glass, chrome: One part **GENERAL** to 20 parts water.

Stoves, ovens: Spray full strength, rub gently with steel wool, wipe.

Ceramics, vinyl tiles: One part **GENERAL** to 4 parts water.

Consult a GILCO representative for more information.

PROPERTIES

Appearance :	Creamy
pH (1% solution) :	~11
Solubility :	Easy
