

Drain-Pop

Acid Drain Opener & Cleaner

TECHNICAL DATA SHEET

DESCRIPTION

DRAIN-POP is the acid based product required to flush stubborn sink, toilet or floor drain clogs. **DRAIN-POP** powerful sulfuric acid formula breaks down in minutes most greases, protein build ups, carbohydrates, animal and vegetable fats, oils, cellulose, hair, soap scum and other organic and inorganic residues that clog or block your drains. **DRAIN-POP** fully inhibited formula, won't harm plastic or PVC pipes, disposal systems or septic tanks.

DIRECTIONS FOR USE

- Small Drains up to 5 cm: 227ml
- Floor Drains up to 10 cm: 909 ml
- Large Drains, up to 20 cm: 1.8 L
- Toilets (lower water level with bucket, rinse with water): 454 ml
- Grease Traps: 909 ml
- Septic Tanks: 200 ml / per 100 L
- Cesspools: 400 ml / per 100 L

NOTE: Suggested dosage recommendations are general and may vary depending on conditions, type of obstruction and size of traps and lines.

Always add suggested dosage slowly, down sides, to the drain of toilets, sinks, etc. Allow **DRAIN-POP** to stand 15 minutes then flush with large amounts of cold water to clear drain from acid. Do not pour into standing water or completely plugged drain. Always use cold water to flush drains to reduce the amount of heat generated.

SAFETY CLOSURE: Press down while turning cap counterclockwise. Re-close tightly to lock.

Consult a GILCO representative for more information.

PROPERTIES

Appearance :	Liquid
pH (1% solution) :	~1.0
Solubility :	Instant
Fragrance :	Typical
Color	Typical

PRECAUTIONS

PACKAGING CODE

1 L
12 x 1 L

Do not use on food contact surfaces. Do not store in food processing or food storage areas. Do not contaminate food products.
