

Solu-Net

Solu-Net is biotechnological and readily biodegradable product containing bacteria and surfactants. These microorganisms digest the oils, and fats that accumulate on kitchen floors and in the joints of ceramic floors.

Solu-Net is used and recommended for degreasing floors and ceramic joints for commercial kitchens in restaurants, hospitals, hotels.

Solu-Net is easy to use. A simple dilution is required.

For best results, scrub the floors with a soft bristle brush for the first two uses of **Solu-Net**.

Characteristics:

Form:	Liquid
Color:	Yellow
Fragrance:	Lemon
Contents:	bacteria and surfactants

Solu-Net is safe and user-friendly. It contains no caustic, acid or corrosive products. It does not damage the ceramics, metals and plastics. **Solu-Net** is **EcoLogo certified** and **Tested in laboratory**. It is environmentally friendly.

BENEFITS

- Speed up biodegradation of oils, grease and other dirt accumulated on surfaces
- Leaves the surfaces less slippery
- Safe for the user and will not damage metals, ceramics or plastics
- Can be applied with a cloth or mop
- A better option than harsh chemical products
- EcoLogo certified and Tested in laboratory
