

Solu-Odor industrial

Solu-Odor industrial is a biotechnological and readily biodegradable product containing bacteria, which have been specially selected to eliminate unpleasant odors. These microorganism accelerates the decomposition of organic matter thereby preventing the production of malodorous gases.

Solu-Odor industrial is easy to use. No mixing required. Simply spray directly on surfaces to be treated with a spray gun or an automated system.

Solu-Odor industrial is used to eliminate foul odors from containers and trash compactors, garbage cans and any other locations where the removal of unpleasant odors is important.

Characteristics :

Form :	liquid
Color :	yellow
Fragrance :	lemon
Content :	Non-pathogenic bacteria and surfactants

Solu-Odor-Industrial is safe and user-friendly. It contains no caustic, acid or corrosive products. It does not damage the ceramics, metals and plastics. **Solu-Odor-Industrial** is **EcoLogo certified** and **Tested in laboratory**. It is environmentally friendly.

BENEFITS

- Effectively eliminates unpleasant odors
