

Super Touche

Alkaline Liquid Bowl Cleaner & Sanitizer

TECHNICAL DATA SHEET

DESCRIPTION

SUPER TOUCHE is a unique blend of strong alkalis and surfactants, working in symbiosis to quickly, effortlessly and effectively dissolve and descale through chemical action, lime, rust film, tarnish, scale, soap scum, organic dirt, germs and grime. It will leave toilet bowls, porcelain sinks and urinals sparkling clean and sanitized.

Endowed with a corrosion inhibitor, **SUPER TOUCHE** is ideally designed for daily use, for it is harmless to all plumbing and septic systems, and it cleans as it deodorizes in just one application.

SUPER TOUCHE was especially made for “apply and rinse” easy care of toilet bowls and urinals leaving a pleasant pine scent to restrooms. Alkaline formulation; for use in areas where acid bowl cleaners are not appropriate.

DIRECTIONS FOR USE

TO CLEAN TOILET BOWLS: depress water level by forcing it over the trap with a swab. Holding mop over bowl, pour 90 ml of **SUPER TOUCHE** onto bowl mop and swab entire bowl, especially the areas under flushing. Allow **SUPER TOUCHE** 3 minutes to work. Flush toilet and rinse out mop.

TO CLEAN URINALS: remove screen or strainer. Saturate bowl mop with **SUPER TOUCHE** and wet entire surface. Pour 90 ml around outlet and into drain opening. Allow **SUPER TOUCHE** 5 minutes to work. Swab all urinal surfaces and openings until clean and deodorized. Replace screen or strainer, flush unit and rinse out mop.

STORAGE: Avoid frost or excessive heat.

DO NOT USE ON SINKS, BATHTUBS OR ANY ENAMELLED SURFACES.

Consult a GILCO representative for more information.

PROPERTIES

Appearance :	Liquid
pH (1% solution) :	~9.0
