SHORT HDL 20"-35", ERGONOMIC FOR WALL WASHING TOOL 11686

- This telescopic handle is made of durable high quality aluminum construction, and can be adjusted from 100-180 cm to suit every cleaner's physiognomy.

- The handle has an anti-slip top grip to reduce the slipping on walls, as well as colour coded clips. The ergonomic grip allows perfect blood circulation in hands and fingers, thereby reducing fatigue.

- The telescopic handles fit all kinds of Vileda Profesional frames.
